Win/Loss Totals not correct

in list [Bug Report](#)

Description

[Edit](#)

Description

When you win or loose a duel the losses total counts and the wins are not added

Steps to reproduce

1. Go to <https://localhost:3000>
2. Click the 'Draw' button
3. Click 'Add to Duo' two bots
4. Click 'Duel'
5. Repeat the process until you win

Expected Result

- When you win the win tally will increase
- When you loose the loses tally will increase

Actual result

- The losses tally increases for wins and losses

Environment

Firefox 96.0.1 (64-bit)/Windows 11 x64 21H2
